

STAKEHOLDERS FEEDBACK ANALYSIS REPORT
FOR THE ACADEMIC YEAR 2018-2019

(Alumni)

OBJECTIVE OF FEEDBACK:

Feedback acts as a tool for developing an organisation. It is a two way dialogue which helps the institute or an organisation to go further.

Feedback allows the students to reflect on their learning and provides opportunity to assess their skills and capabilities. The teachers, alumni and employees also express their ideas on the existing pattern and offer suggestions to improve.

It is with these ideas our institute consider the importance of feedback from all the stakeholders to take effective actions based on that.

ALUMNI FEEDBACK:

Very affective and supportive alumni network is crucial for the success of the institution.

The feedback from the alumni reveals that 100% of them feel proud to be a part of the institution and are willing to contribute to the development of the institution.

We appeal our alumni to provide their sincere feedback to us through prescribed forms, emails and during alumni meets.

Based on the comments of alumni, analysis is carried out as follows:
