However, institution obtains feedback on the curriculum design and development from various stakeholders. The feedback is collected and analyzed at College academic meetings in the institution. Based on feedback requirement Institution's plan to do as follows;

- To conduct Bridge course / Foundation course for the students who are from different educational background.
- Exposures to develop entrepreneurial skills which will help them identify their potential.
- Training for how to effectively prepare for personal interview and group discussions during recruitment.

Suggestions and remarks about curriculum are conveyed by Principal to the University through amending meetings in the University and it is made perfect to suit the students instead of mere gathering the feedback so that it can enhance the ability of the students to think innovatively.
