- It is decided to continue personality development program and interview skills program for the coming academic years also.
- Learning Management System through interactive activities which enables the mutual interaction between faculty and student was encouraged.
- Smart Class rooms, Video conferencing etc was made effective by use of ICT.

Suggestions and remarks about curriculum are conveyed by Principal to the University through amending meetings in the University and it is made perfect to suit the students instead of mere gathering the feedback so that it can enhance the ability of the students to think innovatively.
