

The Annual Quality Assurance Report (AQAR) of Vikas Institute of Pharmaceutical Sciences, Rajahmundry, Andhra Pradesh, India for the year 2020 - 2021 provides a detailed account of the institution's quality assurance activities and achievements. The report highlights the institution's efforts to enhance the quality of its academic programs, research activities, infrastructure, student support services, and governance. The institution has implemented various initiatives such as curriculum revision, faculty development programs, research collaborations, and community outreach activities to improve the quality of its offerings.

The report also includes an analysis of the feedback received from stakeholders such as students, faculty, employers, and the community. The feedback has been used to identify areas for improvement and to develop action plans to address them. The institution has made significant progress in addressing the feedback and has implemented several measures to enhance the quality of its services.

Overall, the AQAR reflects the institution's commitment to quality improvement and its efforts to meet the standards set by the National Assessment and Accreditation Council (NAAC). The report provides evidence of the institution's achievements and challenges, and outlines its plans for future improvements.
